

VT10

LOW COST UNIVERSAL TPMS TOOL

ATEQ's VT10 is a universal TPMS sensor activator. It means that it is compatible with all currently known TPMS sensors on the planet and has a unique one button interface.

So you position it next to your tire and it will trigger any currently known TPMS sensor.

Designed to last in rough environments like tire repair shops, the VT10 is powered with AA batteries.

Main Features

- Activates all TPMS sensors
- LED for TX and LOW BATTERY
- 9 V Alkaline battery
- Weight: 132 g
- Size in mm: H x L x D: 103 x 64.5 x 29.2
